TOGAF® Essentials 2018

The purpose of the TOGAF Essentials 2018 credential is to provide validation that individuals who have earned the credential have up-to-date knowledge and understanding of the changes introduced to the TOGAF Body of Knowledge in 2018.

The learning objectives for this credential therefore focus on knowledge and comprehension.

Target Audience

- Individuals who are TOGAF 9 Certified and who wish to show they have up-to-date knowledge of the 2018 version of the TOGAF Body of Knowledge

- Individuals who are trainers delivering Accredited Training Courses based on the TOGAF Standard, Version 9.2

The Value of this Credential

Individuals who earn this credential will have demonstrated their understanding of:

- The changes to the structure of the TOGAF standard and the importance of the TOGAF Library

- The additions to the Business Architecture domain in the TOGAF Standard, Version 9.2

- The changes introduced in ISO/IEC/IEEE 42010:2011 and the consequent changes to the TOGAF Standard, Version 9.2

- The changes to the TOGAF Content Framework and Metamodel in the TOGAF Standard, Version 9.2

- The changes to the security considerations that need to be addressed during application of the ADM

- Other significant changes made in the TOGAF Standard, Version 9.2

- Changes to the terms and definitions in the TOGAF Standard, Version 9.2

- The TOGAF Credentials Program

Assessment

The credential is only awarded by completing a mandatory training element followed by an assessment.

Training	A minimum of three (3) hours training on the subject is required
Assessment	TOGAF Essentials 2018 Simple multiple-choice question format 20 questions/30 minutes
Supervised	NO
Open Book	YES
Delivery	The assessment is delivered over the Internet.

Upon satisfactory completion of the training element, Accredited Training Course providers submit Candidates to The Open Group, who will then issue an invitation to the Candidate to take the assessment.

Study Track

Candidates are required to complete at least three (3) hours training at an Accredited Training Course.

Prerequisites

To earn the credential, Candidates are required to be TOGAF 9 Certified.
